Solution 2: Restart your PC or tablet Note Before you restart, save your work and close any open apps.. No matter what your settings are, some updates aren't installed automatically These include optional updates and updates that require you to accept new Terms of Use.. Windows Update checks for these updates and installs them when they're ready If you don't use automatic updating, you should check for updates yourself at least once a week.. • Select the Start button In the search box, type Update, and then select Windows Update in the list of results.. • If any updates are found, select Install updates. If there's a Power icon on your Start screen, select it, and then select Restart.. Otherwise, do the following: • Swipe in from the right edge of the screen, and then select Settings.

) • Select Power and then Restart Microsoft Solitaire Collection offers FIVE of the best Solitaire card games for free in one app - Klondike Solitaire, Spider Solitaire, Free-Cell Solitaire, Tri Peaks Solitaire, and Pyramid Solitaire!Solution 3: Check for device updates Windows 10 If you use automatic updating, you don't need to check for important and recommended updates.. We usually release important updates once a month However, updates could be released at any time.. When these updates are available, Windows Update will let you know that they're ready to be installed.. (If you're using a mouse, point to the lower-right corner of the screen, move the mouse pointer up, and then select Settings.. • In the left pane, select Check for updates, and then wait while Windows looks for the latest updates for your computer.
